Possible complementarities between KICs and the EIP

- *capacity building in the health and care sector, e.g. skills and training for care professionals and entrepreneurs concerning innovation dealing with comorbidity, frailty, homecare, gerontology, polypharmacy;*
- *new **curricula** for health and care professionals;*
- ***spreading innovative best practices** based on the existing ones identified by the EIP process*

Caregivers Education Basics - Romania

- *Promotion of care-giver and care-receiver wellbeing in the area of Dementia*
- *Training programme / elearning/ certification*
- *Reduced re-admissions to acute hospitals / Reduced use of medications / Reduced unavoidable visits to primary care physicians*

Health Programme 2014-2020

1) Promote health, prevent disease and foster supportive environments for healthy lifestyles

2) Protect citizens from serious cross-border health threats

3) Contribute to innovative, efficient and sustainable health systems

4) Facilitate access to better and safer healthcare for Union citizens

3) Contributing to innovative, efficient and sustainable health systems

- **Up-take of health innovation and e-health solutions**
- Health in an ageing society, including European Innovation Partnership on **Active and Healthy Ageing**
