1. BACKGROUND & INTRODUCTION

To promote an entrepreneurial mind-set and a risk-taking culture within the EIT Community, the EIT introduced the EIT Entrepreneurship Award in 2012. Since then, the EIT further developed and gradually extended the concept of the EIT Awards covering the three main EIT-KIC activity pillars of business creation, education and innovation.

The 2022 EIT Awards will cover again five categories: EIT Venture, EIT CHANGE, EIT Innovators, EIT Women Leadership and EIT Public (Citizen) Award.

Each KIC will nominate one candidate / team for the EIT Venture, EIT Innovators and EIT Women Leadership Awards and also one for the EIT CHANGE Award (in case the KIC has EIT labelled programmes).

EIT CHANGE and EIT Women Leadership awards individuals and EIT Venture and EIT Innovators awards teams which are represented by one person.

2. OBJECTIVES

The EIT Awards promote innovation and entrepreneurship in Europe and contribute to the branding of the EIT in Europe and globally. The EIT Awards are an essential instrument to demonstrate the EIT's and KICs' achievements to stakeholders as well as citizens.

The **EIT Innovators Award** recognises KIC **innovation teams** composed of individuals from across the knowledge triangle that have developed a product, service or process with a high potential for societal and economic impact.

Within the EIT Community, the EIT Awards play an important role in celebrating achievements and success, identifying role models and increasing opportunities for the further development of the EIT Award winners.
