EIT's 2018 Call for Proposals Information Day

**Panel "Synergies and Complementarities
between the EIT Community and other EU Policy
and Funding Instruments"**

13 February 2018, Brussels

Olivier Chassagne, Policy Officer

European Commission, Unit GROW.F1 "Innovation Policy and Investment for Growth"

From Policy to Action

- **Communication of 13 September 2017: a renewed industrial policy strategy**
- **Support to SMEs: "COSME" and Horizon 2020 programmes**
- **Support to start-ups in particular: Start-up and Scale up Initiative of 22 November 2016**
- **DG GROW supportive of the EIT community**

Current Synergies with existing EIT KICs

EIT Climate-KIC

- **Innospace:** to boost innovative entrepreneurship using Earth observation data (support from Copernicus Programme)

EIT Raw Materials:

- Long cooperation with GROW

All KICs

- **Design Driven Innovation:** training sessions financed by H2020 open to all the EIT Community
- **2017 Seminar on Smart Specialisation and EIT RIS**
- **Opening of the EIT House in Brussels in 2017**
- **Industry Days (2017 and 2018)**

Future Synergies with future EIT KICs

EIT Manufacturing

- Skills: skills blueprint on additive manufacturing - the EU New Skill Agenda; the skills' gap in the industry at all levels
- Platform for Industrial Modernisation: clusters and uptake of Advanced Manufacturing
- Collaboration with COSME and EEN

EIT Urban Mobility

- Collaboration with the GSA on Galileo-based solutions

All EIT KICs

- Lessons learnt by KICs feeding policy-making of DG GROW
- EU Clusters Policy and KICs RIS
- Access by KICs to Commission IT tools and databases: for example, the Innovation Radar, TIM
- Higher participation of EIT KICs in conferences organised by DG GROW
